The Cloud is Coming to PureAire

PureAire Monitoring Systems is excited to announce the upcoming launch of our latest offering—the PureAire CloudConnect, which will provide for internet connectivity (with Cloud storage capabilities) for our full line of Oxygen and Carbon Dioxide Monitors, as well as our Toxic and LEL Combustible Gas Detectors. Our new CloudConnect will send continuous gas concentration data to a secure Cloud storage space, and will provide immediate alarm and system information to customer-designated safety personnel via text, phone call, or email.

PureAir Google Reviews

"The support from the team at Pure Aire was exceptional! All questions answered quickly and precisely! The equipment is high quality and easy to install. Highly recommend" - Gene Mercuri

"We had an emergency situation where we needed an Oxygen sensor for an MRI lab as it was missed in the plans and specifications. We found your company online and decided to call. We successfully got the product in our hands 24 hours later. I can't thank Denise and Pure Aire enough for the support, help and sense of urgency. Thank You!" - Chris G.

"Recently we added two PureAire O2 monitors in areas where we use a lot of nitrogen gas. The air sensors installed quick and easy and are working great." - Brett S.

"We have a total of 9 PureAire models TX-1100-DRA oxygen monitors installed. Most have been running for many years without incident or maintenance. Customer service when needed has been excellent, with quick support and service Would not hesitate to recommend." - Matt R..

"During a laboratory renovation, we utilized the 8 channel controller (99058) integrated with the 1100 DRA oxygen detectors(99016) also, we included the horn strobes(42002) and remote digital display (99091). This system installed with ease and has a very user-friendly program. PureAire has multiple apparatuses for various systems and applications. I highly recommend PureAire Monitoring Systems and most definitely will revisit their product line for future projects." - Mr. Yzig

"Solid product, easy installation, start-up, and ease of operation! Truly a plug and play application!" - Richard R.
